

I would like to say thank you for the professionalism displayed by you and your staff and the excellent equipment and facilities you offer. My grandson Clay, has found the Dojo a friendly environment and he has been fortunate in making new friends there.

I bought Clay to Munen Muso Martial Arts Australia at a time in his life when he was confronted with challenges a boy his age should not have. He has grown in confidence and self-esteem over the past year and has become his bright happy self again. This improvement can also be seen in school with great improvements in many areas. Clay also participates in water polo and rugby and his attitude, behaviour and focus is a credit to him.

Personally, I attribute these positive changes to his martial arts training as he has gained confidence, respect, discipline and fitness which in turn has helped him cope with stress and tension in a positive way. The fact that he loves to go and learn new skills is a testimony to your teaching methods and it is rewarding to see him on his way to receiving his black belt.

I recommend Munen Muso Martial Arts to any child because of the positive influences outlined above.

John McKeown (Clay's Pop)
